

Extra Credit Assignment

4th Quarter Paper on Chemistry Video

DESCRIPTION

For this extra-credit assignment, you must watch one of the chemistry-related videos below and type up a 5-page paper which must summarize the video, explain the chemistry in the video, and tie it to the material we learned in class this year and demonstrate that the video helped you process and show that you now know the chemistry from the video better now than before. It must be specific and detailed to receive the credit.

APPROVED VIDEOS

- COSMOS: A Spacetime Odyssey – Episode 7 = The Clean Room
- COSMOS: A Spacetime Odyssey – Episode 8 = Sisters of the Sun
- COSMOS: A Spacetime Odyssey – Episode 10 = The Electric Boy
- COSMOS: Possible Worlds – Episode 9 = Magic Without Lies
- COSMOS: Possible Worlds – Episode 10 = A Tale of Two Atoms

ASSIGNMENT

Select one of the videos above, watch it, type your 5-page paper, then submit it on Canvas before the due-date. The credit awarded will be strictly based on the quality of the paper.
